

Minutes of Water Resources Board Meeting - January 24, 1979

Due to the loss of the recorded tape of this meeting of the Board a brief general review follows.

Present were Mr. Ailes, Mr. Holland, Dr. Crum and Mr. Goerge (absent was Mr. Kirkpatrick).

*Goerge*

Mr. George introduced a study by the Corps of Engineers called "Study of Runoff Impacts Due to Landuse in the Big Sandy and Cumberland River Basins of West Virginia, Kentucky, Virginia and Tennessee", with motion to endorse the study and recommend it be funded. Motion failed due to lack of majority.
