

Board met at 9:00 on December 30, 1980 - members present - John C. Ailes, William Plass and Dr. Donald G. Brannon - absent Forrest Kirkpatrick and Larry George.

The water quality standards were promulgated in their final form on this date - submission to the Legislative Rule Making Review Committee to be January 12, 1981 by Chairman Ailes.

Work was also done on this date with the NPDES draft hopefully to go to public notice by February 2, 1981.

EPA's letter of 12-24-80 was discussed and the Division of Wildlife was to be contacted as to why trout waters were dropped.

Also discussed was the memo Karen received re: D. O. on the Ohio River - it was agreed the Division of Water Resources was to receive a copy of it, comments to be received by the Board, reviewed, discussed, etc. before answer sent to EPA.
