

WATER RESOURCES BOARD MEETING TUESDAY MARCH 3, 1981

Board members present: John Ailes, presiding - Don Brannon & Bill

Plass - Absent: Forrest Kirkpatrick & Larry George

Board met to consider changes to the water quality standards promulgated on December 30, 1981. Changes to be made are - chapter 1 Section 5(b) mixing zones - page 9 - delete "~~instantaneous-mix-will-be-required-and~~" no mixing zone may be established" added underscored; chapter 1 Section 7 - West Virginia Waters - 7.22 (a) Kanawha River Basin, Zone 2 - page 12 - the B 3 to be deleted and B 1 to be inserted; Chapter 1 - Section 8 - Chart of Specific Water Quality Standards - Phenolic Materials - page 26, delete the 1 ug/l and insert 5 ug/l for all waters of the state and on page 30 - zinc - add the AEPCO chart for all waters except trout waters - keep the one in that was promulgated on Dec. 30 for Trout Waters only.

Also some clerical errors and an omission to the proposed regulations that were filed with the LRMRC were corrected.

Also more of the rationale on the water quality standards was reviewed for the final draft.
